

SHREE SWAMINARAYAN INSTITUTE OF PHARMACY

*"A Holistic Approach to
Education, Health, and Heritage"*

Shastri Swami Premswarup Dasji

Founder and Managing Trustee

PRAYAS - THE FOUNDATION OF SPORTS, CULTURE AND EDUCATION TRUST

(Registered under the Bombay Public Trust Act, 1950)

The Foundation of Sports, Culture and Education Trust is a registered non-profit organization dedicated to the holistic development of society through initiatives in education, healthcare, sports, and cultural preservation. The Trust is officially registered under the Bombay Public Trust Act, 1950, affirming its commitment to lawful and transparent operations in service of the public good.

Founded with a vision to uplift communities and empower individuals, the Trust actively works to establish and manage educational institutions that promote academic excellence, professional skill development, and character building. It places a special focus on the fields of medical, paramedical, and pharmaceutical education, while also encouraging cultural awareness and physical well-being through organized sports and heritage-based programs.

Through its various endeavors, Prayas Trust aims to bridge the gap between rural and urban opportunities, ensuring inclusive growth and accessible quality education for all, especially for underserved and aspiring youth.

With its growing network of institutions and impactful programs, Prayas – The Foundation of Sports, Culture and Education Trust continues to make meaningful contributions toward building a healthier, educated, and culturally rich society.

Our
Vision

To be a centre of excellence in pharmaceutical education, research, and innovation, dedicated to nurturing competent, ethical, and compassionate pharmacy professionals who contribute meaningfully to the health and well-being of society.

Our
Mission

To provide quality pharmaceutical education through integrated learning, combining theory, practical training, and research. We aim to develop ethically sound, industry-ready professionals through a student-focused environment that encourages critical thinking, innovation, and social responsibility—within a clean, green, and holistic campus setting.

Core
Objectives

- To impart knowledge about drug formulation, manufacturing, testing, and dispensing.
- To prepare students for careers in the pharmaceutical industry, healthcare, research, and regulatory affairs.
- To develop ethical, professional, and scientific aptitude for pharmaceutical practice.
